

**PERRYTON INDEPENDENT SCHOOL DISTRICT**  
**Agreement for Participation in Perryton ISD Network Services and Technology Systems**

Your child has been selected to participate in the District’s Network Services and Technology Systems and needs your permission to do so. Your child will be able to communicate with other schools, colleges, organizations and individuals around the world through the Internet and other electronic information systems.

The Internet is a network of networks. Through the District’s network systems, your child will have access to hundreds of databases, libraries and computer services all over the world.

With this educational opportunity also comes responsibility. It is important that you and your child read the district policy, administrative regulations and agreement form and discuss these requirements together. They are found online at [www.perrytonisd.com](http://www.perrytonisd.com) or may be obtained from the campus principal. Inappropriate system use will result in the loss of the privilege to use these educational tools.

Please note that the Internet is an association of diverse communication and information networks. It is possible that your child may run across areas of adult content and some material you might find objectionable. While the District will take reasonable steps to preclude access to such material and does not encourage such access, it is not possible for us to absolutely prevent such access.

Please return the agreement below including your permission or denial of permission for your child to participate in the District’s electronic communications system.

**STUDENT AGREEMENT FOR PARTICIPATION IN PERRYTON ISD NETWORK SERVICES AND TECHNOLOGY SYSTEMS**

The student agreement must be renewed each academic year.
