

3. If your child brings lunch from home, tell us why by choosing one of the following reasons:
Allergies/Medical reasons
Financial reasons
School food selections
School food quantity
Other
4. How many times per week does your family sit down together to eat a meal?
1 – 3 times / 4 – 6 times / 7 – 10 times / more than 10 times
5. How many times per week does your family's meals consist of a meat, a fruit and a vegetable?
1 – 3 times / 4 – 6 times / 7 – 10 times / more than 10 times
6. When you grocery shop, do you go with a list or browse and buy?
With list Browse & Buy
7. When you grocery shop, what is the main reason you choose the items you buy?
Price / Convenience / Selection / Other
8. Your input is important to us. Please use the space below for any additional comments.

Thank you for completing this survey!

**SHAC would like to request that a memo be placed on student report cards, asking parents to check out and participate in the survey on the website. Carol Hayden will ask for administration approval for this.

The next survey will be about Physical Education – SHAC will formulate questions for this at a future meeting.

5. Carol Hayden reported on her visit with City Manager, David Landis and Police Chief, Tony Hill regarding setting up walking routes and patrol to encourage children to walk to school. Although both Landis and Hill understand children's safety is of utmost importance, and thought the idea was an excellent one, the police force does not have enough staff to designate patrol officers to patrol walking routes from all directions of all the schools. They are already performing traffic patrol at all locations. Carol will contact them again to discuss the possibility of creating bike lanes, to encourage children to ride their bikes to school.
